

# Introductory Note

WITH THIS issue, No. 81, *Nelen Yubu* completes its periodical series on paper. It contains two complete indices: one by issue number, the other by author.

We are in the middle of preparing an archival CD that will be sent out to all paid-up subscribers, probably next year. It will contain all issues from the Pilot edition back in 1978 up to the two indices of No.81. They will be in PDF format, displaying the pages in their original configuration. No attempt has been made even to correct errata. This should enable accurate referencing to be performed. The Acrobat format we have used (hidden text behind page image) will enable normal computer-style searches to be done.

Christmas greetings to everyone!
